

Le Moyne

EDUCATING THE WHOLE PERSON, FOR LIFE

Application for
Transfer Admission

THE JESUIT COLLEGE IN SYRACUSE, NEW YORK

Application INSTRUCTIONS

DEAR TRANSFER APPLICANT:

The Office of Admission is sensitive to the intricacies involved in transferring from one institution to another. We want you to be successful throughout this important transition. Here at Le Moyne we understand that the needs of transfer students are different from those of freshmen. Therefore you are invited to call on us for help or advice at any time. The following outlines information that will assist you with transferring to Le Moyne College.

TRANSFERRING TO LE MOYNE

Each fall nearly 25 percent of the matriculating entering class is made up of transfer students. Transfer students comprise nearly the entire entering spring class. As you can probably guess, transfer students are a large and valuable component of the Le Moyne community. Transfer students come to us with a range of educational and work experiences and from a variety of geographic areas. Nearly 33 percent are from four-year colleges, with the remainder from two-year schools. These distinctions are a welcome addition to our undergraduate population.

QUALIFICATIONS

Any high school graduate who has completed one or more courses at another college or university after high school is considered a transfer student. The more college-level work students have completed, the greater emphasis we place on their college credentials. Students who have completed fewer than 24 college credits will be evaluated on their high school record as well. Applications will be evaluated on the strength of the academic program and the overall grade-point average earned. Proficiency in English and mathematics is emphasized. It is required that all students successfully complete at least the third year of high school college preparatory mathematics or intermediate algebra at the college level.

ADMISSION REQUIREMENTS

1. The completed application for transfer admission, accompanied by the \$35 application fee.
2. Official transcripts from all colleges and post-secondary institutions attended.
3. An official high school transcript (if fewer than 24 credits completed at time of application).

4. A recommendation from an academic advisor or dean from the most recent college attended (see application form).
5. Students who have completed fewer than 24 college credits must also submit official SAT or ACT results.
6. Bachelor of Science in nursing applicants must submit proof of RN licensure.

It is in the best interest of the student to also submit college catalogs or copies of course descriptions representing all courses you wish to be considered for transfer credit.

INTERNATIONAL STUDENTS

Applicants who are not citizens of the United States or do not hold permanent resident visas are considered to be international students. In addition to the general requirements for transfers, international students submit the following:

1. Official English translations of all secondary school transcripts.
2. Official Test of English as a Foreign Language (TOEFL) results or SAT or ACT results.
3. Completed Personal Statement for International Applicants.
4. Completed Le Moyne College International Student Financial Statement.
5. Foreign credit evaluation of college level course work.

Applicants whose native language is not English are required to take the Test of English as a Foreign Language (TOEFL). Applicants are expected to achieve a score of 550 or higher on the paper version or 213 or higher on the computer version. A score of 600 on the verbal portion of the SAT or its equivalent exempts applicants from the TOEFL requirement. All transcripts and letters of recommendation must be certified and submitted in English.

International applicants are eligible for consideration for institutional merit-based scholarships.

STANDARDIZED TEST SCORES

Students who have completed 30 or more college-level credits or have been out of high school for three or more years are not required to submit results of standardized tests. All other students who do not fall into either of these categories must submit official SAT or ACT test results. Scores may be submitted to us on the official high-school transcript or directly from the Educational Testing Service (ETS) or the American College Testing program (ACT). Not all high schools report official

scores on the transcript, so please verify this information. You may request your scores be sent to Le Moyne (#2366) from ETS or ACT by calling ETS at 609-921-9000 or ACT at 319-337-1313.

CLEP AND ADVANCED PLACEMENT EXAMS

Students entering Le Moyne may qualify for college credit or advanced placement through the following examinations: the Advanced Placement Program of the College Entrance Examination Board, the College Level Examination Program (subject examinations only) and the New York State Regents College Proficiency Examinations. Qualifications for advanced placement or receiving credit through any of the above programs are detailed in the Le Moyne College catalog.

COURSE RECOMMENDATIONS

Successful transfer often depends upon careful course selection at the previous college. For this reason, as soon as a decision is made to pursue transfer to Le Moyne, students are encouraged to meet with a Le Moyne transfer admission counselor to plan the courses to be taken prior to transferring. The Le Moyne College catalog is a valuable tool in determining appropriate courses. Courses typically taken in the freshman and sophomore years at Le Moyne are most likely to transfer. These are designated as 100-level or 200-level courses in the Le Moyne catalog.

HIGHER EDUCATION OPPORTUNITY PROGRAM (HEOP)

Students who wish to be considered for HEOP must be Educational Opportunity Program (EOP) or HEOP students at their current institution. Interested students must submit a transfer application, along with documentation of their HEOP status.

DATES & DEADLINES

Applications are reviewed on a rolling basis throughout the calendar year as space is available. However, the recommended deadlines in order to receive maximum consideration for admission are as follows:

Fall Semester	June 1
Spring Semester	December 1

Once again, we welcome the opportunity to help you with the transfer process. Please feel free to contact our transfer coordinator whenever you need assistance. Best wishes for a successful college search.
