

## Accessing your Le Moyne Virtual Desktop from Off-Campus

Step 1: In your browser, connect to: **HTTPS://mydesktop.lemoyne.edu**

**\*\*Don't forget the "S"!\*\***

You will be redirected to:

Step 2: Click on your preferred method. See table below for differences between the two.

View Client	View HTML Access
Sound capability	No sound
USB redirection – allows use of local USB ports	No USB redirection – no use of local USB ports
Can print from local printer	Cannot print from local printer
Software install	No software to install
Cannot be used with Chromebooks	Works with Chromebooks as well as PCs/Macs

Step 3: If choosing the View client, choose either 32-bit or 64-bit Windows. Click on **Go to Downloads**. *(If choosing HTML Access, please go to Step 9.)*

Home > All Downloads > VMware Horizon View Clients

# Download VMware Horizon View Clients

## VMware Horizon View Clients

Version: **2.0** ▼

VMware Horizon View Clients for Windows, Mac, Ubuntu Linux, iOS, and Android allow you to connect to your VMware Horizon View virtual desktop from your device of choice giving you on-the-go access from any location.

FILE	INFORMATION	
<b>VMware-viewclient-x86_64-5.3.0-1042023.exe</b> File size: 39M File type: exe Release Date: 2013-03-14 Build Number: 1042023	<b>VMware Horizon View Client for 64-bit Windows</b> VMware Horizon View Client for 64-bit Windows MD5SUM: 571a35bdf8a0f3dfd278a3503a80dd44 SHA1SUM: 727a0eba3b3f88c7ed10f5445d3ae20a7110f92a	<a href="#">Download</a>

Step 5: Click on **Save File**.

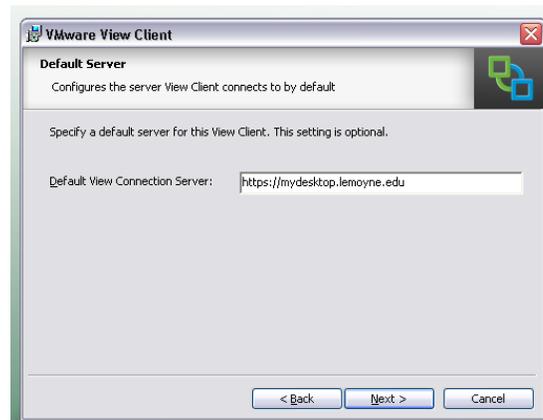

Double click on the VMware View Client in your Downloads folder to begin the installation and click **OK** and **Run**.

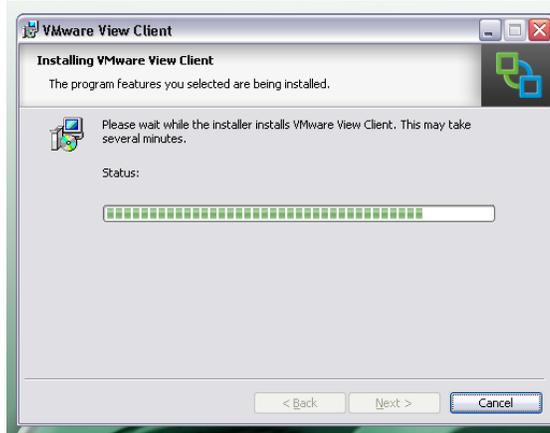

Click "I accept the terms in the license agreement" and hit **Next** twice.

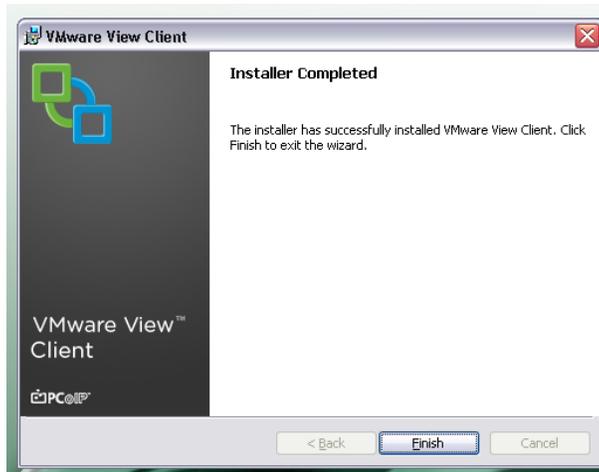

You will be presented with another window. Enter:  
**HTTPS://mydesktop.lemoyne.edu**  
**\*\*Don't forget the "S"!\*\***

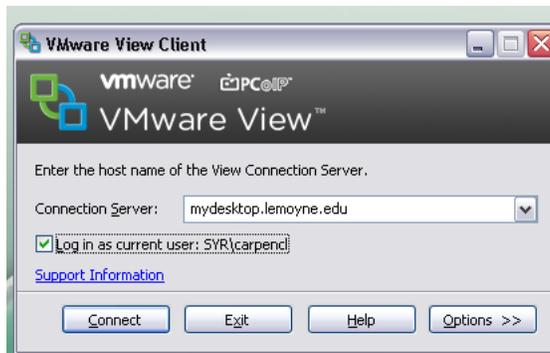

Click **Next** throughout the next few screens to accept defaults and the installation will begin.

Step 6: When the installation completes click **Finish** and it will ask you to restart your computer.

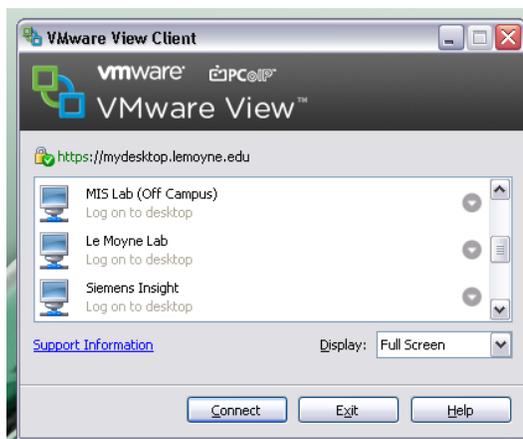

Step 7: Double Click on the VMware View Client Icon on your desktop to start the program. Login with your usual username and password. Select Connect.

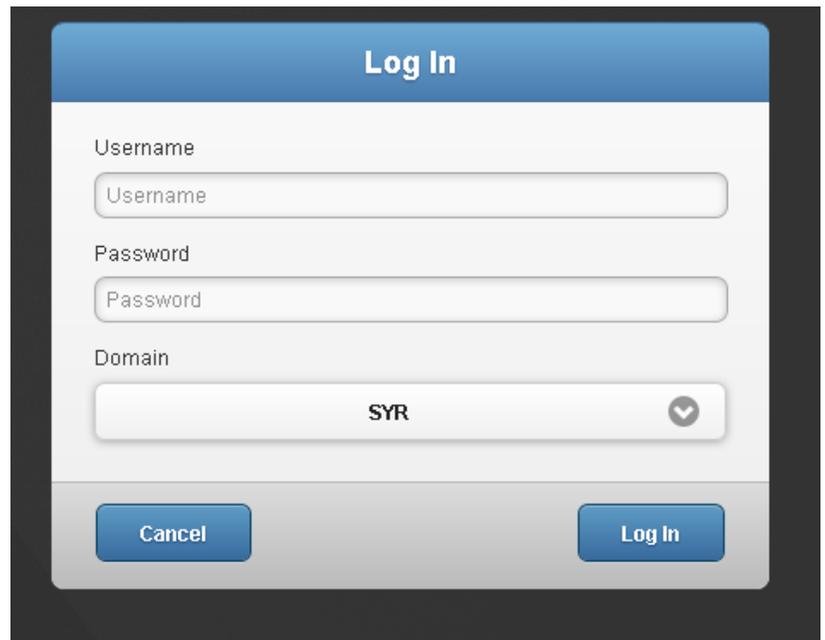

Step 8: You will be presented with all of the "pools" that you have access to. Choose the one that you want by clicking on it and choosing Connect. Proceed to Step 11.

**\*The pool for off-campus access to your H, L, and W drives is Dolphin@Home.\***

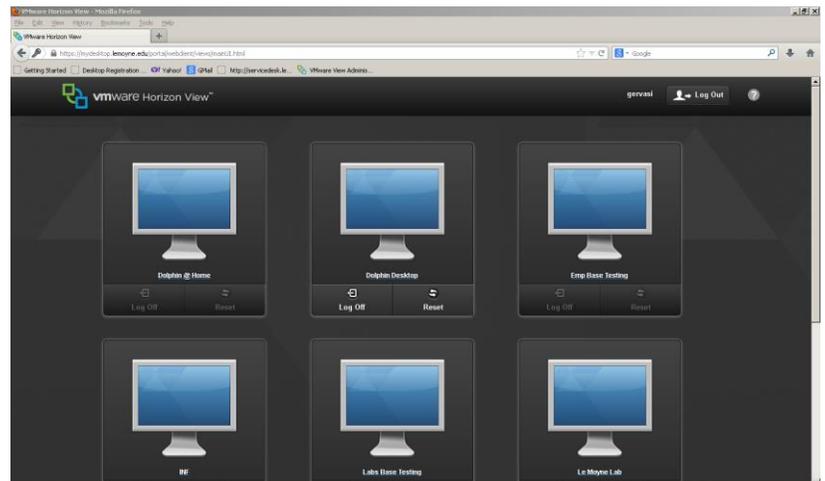

Step 9: If choosing HTML Access, login with your usual username and password. Select **Log In**.

Step 10: You will be presented with all of the “pools” that you have access to. Choose the one that you want by clicking on it.

**\*The pool for off-campus access to your H, L, and W drives is Dolphin@Home.\***

Step 11: You are now successfully logged into your virtual desktop. Just a few things to remember:

- Please save all your work/data to your H:\ drive. If you save to the desktop, it will not be retained!
- When you log off, please click on Start and choose the Log off option.
