Class of 2025

FALL ARRIVAL 2021
Your Schedule of Events

LE MOYNE
Greatness meets Goodness®
We know that the past year hasn't been easy. Still, you have weathered the storm, and now your journey brings you to the Heights. We are thrilled that you have chosen Le Moyne College. Over the next four years you will continue to learn new things about yourself, establish friendships that will last a lifetime, gain wisdom from your faculty members, and become even more resilient. We know you can do this, but we are even more excited to do this together!

Over the next week, you will experience the culmination of orientation that began with Summer Welcome. You’ll begin to recognize friendly faces, and spend quality time with floormates, classmates and other students. You'll meet your first-year academic adviser, hear inspirational words from our president, and settle into a comfortable orientation group with student leaders who will be your “go-to” people throughout August. Yes, there will be structure. There’s a reason for this. There’s a lot to know – academically, socially and as a responsible member of this community. When you’re done, you’ll know much more about yourself and Le Moyne. That said, we’ve also built in free time – time to relax, shop, recharge, check out your classrooms, eat good food, and share some laughs.

Welcome to Le Moyne and to an experience that will be uniquely yours.

Please note:

- If you need anything during this week, you are encouraged to call, email or schedule an appointment with the appropriate office. There is a full list of resources at the back of this schedule.
- Information Technology staff will be available to help you with your technology needs. To request assistance with your computer and internet connections, please email servicedesk@lemoyne.edu.
- If you have questions regarding your fall course schedule, please email your academic adviser or contact the Registrar’s Office (registrar@lemoyne.edu; 315-445-4456) or Student Success Center (studentsuccess@lemoyne.edu; 315-445-4597).
- Wondering about something? Ask your orientation leader. These students were specifically trained to assist you and, if they don’t know the answer, they will know where to find it.
- The first year class dean, Allison Farrell, will also be around throughout all of orientation. Ask her questions or introduce yourself. Reach out to her (cudaal@lemoyne.edu; 315-445-4275).

Wake Up to Wellness

These engaging sessions will be offered each weekday at 7:45 a.m. We know it is early, but it’s refreshing to start your day in a great headspace. Students are strongly encouraged to attend!
RULE #1:
Keep easy access to this schedule during Fall Arrival. You will need to reference it a lot throughout the week. This is where you will find information about where to be and when, a listing of the fun activities going on each day, and important resources that might help you get better situated at Le Moyne. If you lose this schedule, you can access a copy on our website at www.lemoyne.edu/orientation.

RULE #2:
Check your Le Moyne email daily, maybe even more often than that. If we have any orientation updates, we will send them to you there. You may also receive other important information about various aspects of college life. Make this a routine.

RULE #3:
Take part in the offerings all week – in the locations and times assigned to you. We have carefully distributed groups so as to reduce congestion on campus. Refer to your personalized schedule for such groups. Our orientation activities aren’t recorded since they are intended for students to participate in live. If you miss the session, you run the risk of missing information that is pertinent to you.

RULE #4:
Take a deep breath, have fun, and welcome the experience of being a Dolphin!

**From now until Labor Day ...**

Be intentional. Stretch yourself. Say "hi" to people you see in the hallway. Attend events on campus that you may not have previously considered. Visit your professors during their office hours to introduce yourself. Put away your phone while eating in the Dining Center. Put yourself out there and limit the non-college distractions. This is the best time to dive in, make friends, and get involved.

Once you know that you can do it, keep it up for the rest of the semester. Create a habit. Make yourself a priority and put your education, both inside and outside of the classroom, on top of that list!
