# Preparing for Summer Welcome

## Welcome, new Dolphins!

Congratulations on your decision to join the land of green and gold, the home of the Le Moyne Dolphins, the youngest Jesuit college in the U.S., and the first to open as a coeducational institution. As a new student to Le Moyne, you want to be prepared for this exciting transition. Please follow the step-by-step instructions provided here, which will guide you to complete all the requirements before your orientation (Summer Welcome and Fall Arrival).

STEP  
.....

1

## Review *Heading to the Heights* online at [lemoyne.edu/orientation](http://lemoyne.edu/orientation)

This webpage provides an introduction to all that awaits you at Le Moyne College; it explains all the steps you will take over the next few weeks and what you can anticipate this fall. In it, you will find:

- At a glance: **2021-22 important dates** and **key contacts**
- **How to sign-up** for Summer Welcome
- **How to complete your New Student Checklist:** confirm your major, enroll in a learning community, identify fall course preferences, and complete your housing questionnaire
- **What you can expect** in your first year and important resources on campus
- **Financial Top 20:** everything you and your family will want to know about paying for college

Refer to the *Heading to the Heights* website throughout the summer. This is the go-to reference when you and your family have questions, but please do not hesitate to contact us at (315) 445-4597 for additional help.

## STEP

# 2

## Complete your New Student Checklist by May 19

Login to your portal ([connect.lemoyne.edu/status](http://connect.lemoyne.edu/status)) to complete your New Student Checklist to reserve your place at our online Summer Welcome, list your course preferences, identify a preferred roommate, etc. The deadline for completing your New Student Checklist is May 19, but do so as soon as possible to have a better chance at your top preferences. Here are tips to get you started:

- **Confirm Your Information:** Confirm your name and contact information. Please also identify any family members that you would like to receive communications from Le Moyne this Summer. Fill in all blanks.
- **Your Summer Welcome Session:** Reserve your place at one of the many online Summer Welcomes.
- **Confirm Your Academic Information:**
  - › Verify your major and concentration. If you decide to change it, select a new major [here](#).
  - › Take time to answer questions about your academic plans and interests. This information will be used to create your tentative fall schedule.
- **Select a Learning Community (optional):** Learning communities provide you with the opportunity to meet other students who share your interests and earn credits at the same time. Be sure to review information about joining a learning and enroll now if interested.
- **Submit Housing Preferences:** Please confirm that you will be commuting from home or residing on campus. If you will live on campus, answer these questions candidly to help us match you with a compatible roommate.
- **Select A Meal Plan:** All first-year residential students are required to have a full meal plan. Commuter meal plans are also available to purchase.

## STEP

# 3

## Plan for your Placements

Placement exercises are an important part of the orientation experience; they help the College understand your academic background and place you in appropriate fall courses. Consider this information as you plan your placement exercises:

- **Writing** – All students will complete an online writing placement within 48 hours of attending Summer Welcome, regardless of pending credit.
- **Spanish or French** - Students who studied one of these languages in high school will be required to take a placement to assess their language ability, regardless of whether or not you plan to continue studying this language. This placement should be completed during June.

Additional information on how to access both assessments will be sent to you via email. Stay tuned.

- **Math** – We do not require students to take a math placement test. However, some students, based on previous math background or academic discipline, are required to enroll in MTH 007 during their first semester. Students would have been notified in their acceptance letter if they need to complete this. These students will have the option to work with our Quantitative Reasoning Center (QRC) this summer to meet this requirement without taking the class.

**STEP**  
.....

## Send your AP and College transcripts by July 15

If you have successfully completed any advanced placement (AP), international baccalaureate (IB) or college-level courses prior to beginning your studies at Le Moyne, then you must provide an AP/IB grade report or official college transcript from the sponsoring institution. Please note that high school grade reports/transcripts cannot be used for this purpose.

Please contact the College Board (for AP tests), the International Baccalaureate (for IB scores), or the college or university at which you completed the courses and **request that your official reports be sent directly to the Office of the Registrar, Le Moyne College,**

**1419 Salt Springs Road, Syracuse, NY 13214 by July 15.** Students can also send their transcripts electronically to [registrar@lemoyne.edu](mailto:registrar@lemoyne.edu), if the institutions provide the option for electronic transcripts. Failure to do so may mean that we cannot process your earned credit for your fall schedule.
