

Dan McNeil III '77 serves as chairman and chief executive officer of McNeil & Company, a premier provider of insurance programs and risk management services tailored to specialty niche markets nationwide. Since founding the company in 1989, McNeil has guided its steady growth, expanding operations to serve clients in all 50 states through a team of over 200 associates. Headquartered in Cortland, N.Y., the company also operates a regional office in Denver, Colo. In 2018, McNeil & Company became a wholly-owned subsidiary of Arch Capital Group Ltd., maintaining its unique identity and reputation as an industry leader.

McNeil's career in insurance began shortly after graduating from Le Moyne College with a bachelor's degree. In 1978, he was appointed director of sales for the emergency services program at Burke, Bogart, and Brownell Agency in Boca Raton, Fla. Under his leadership, the program experienced exceptional growth, with premium writings increasing more than tenfold in just two and a half years. This early success underscored his talent for innovative risk management strategies, which would later define McNeil & Company's approach.

As a respected industry leader, McNeil has shared his expertise widely, authoring articles and lecturing for prominent organizations, including the International Association of Fire Chiefs and the Firemen's Association of the State of New York. He holds the Certified Insurance Counselor (CIC) designation.

McNeil's impact extends far beyond his professional achievements, reflecting a deep commitment to community service. He has held influential board positions with the Syracuse Chiefs Baseball Club, demonstrating his dedication to fostering community growth and well-being. His passion for fire service organizations is equally noteworthy, with over 30 years of leadership at Fire Districts Mutual, where he served as a board member and chair.

His connection to Le Moyne College is deeply rooted in a proud multigenerational legacy. His late father, Daniel McNeil Sr. '51, was a member of the College's inaugural graduating class. His late sister, Mary McNeil, MBA '08, served as president and chief operating officer of McNeil & Company until her passing. The family tradition continues with his daughter, Lauren Davis '08, and son-in-law, Derek Davis '08, both distinguished alumni who now serve as co-presidents and co-chief operating officers of McNeil & Company. His nephew, Brent McNeil '21, further extends this enduring legacy as a recent Le Moyne graduate.

Since joining Le Moyne's Board of Trustees in 2016, McNeil has consistently exemplified his steadfast dedication to the College. His visionary generosity has been transformative, including the establishment of the McNeil Academy of Risk Management, substantial investments in campus facilities such as the McNeil Firehouse renovation, and significant support for critical initiatives like the John W. Langdon '67 Ph.D. Professorship.

McNeil's innovative leadership in the insurance industry, dedication to Jesuit values, and profound contributions to education and community service exemplify the ideals of Le Moyne College and inspire others to follow his extraordinary example.
